PROFILE

Experienced, focused & quick-learning Software Engineer having almost 3 years of experience with a passion for developing innovative products for various projects & clients. Strategic thinker, well-versed in technology, and developed reliable and user-friendly systems.

Seeking a position where I'll utilize my current programming & technical knowledge and the experience gained through relevant education & projects to contribute to the ongoing success of the company.

WORK EXPERIENCE

SOFTWARE ENGINEER — 2023 APR - PRESENT
InsureMe.lk | Sri Lanka

Currently working as a Full-Stack Software engineer involving most of the major client projects of InsureMe in the areas of React.JS, Node.Js(Express.js) and MongoDB.

SOFTWARE ENGINEER — 2020 NOV - 2023 APR
ASSOCIATE SOFTWARE ENGINEER
ChampSoft (PVT) Ltd l Sri Lanka

Wroked as a Full-stack developer (SE) in the areas of Angular, React, Node.JS (Express) & MySQL for major projects in ChampSoft for 1 year. And as a ASE, I worked for 1 year in the areas of Angular, Laravel, ASP.NET & MySQL. & grasp the concepts of Software Engineering principles, coding best practices, and get hands-on experience by applying that theoretical knowledge into real-world applications.

TRAINEE SOFTWARE ENGINEER — 2018 DEC - 2019 JUNE
OrangeHRM Inc | Sri Lanka

Mainly worked as a Back-end developer for 6 months as a trainee software engineer. I worked for the OrangeHRM open-source product and there I was able to implement a core module for the product by using Symfony Framework. Was able to learn and apply some of the design patterns, ORM concepts, GitHub related functionalities while maintaining a quality work.
